

HANSANA PERERA

Undergraduate at NSBM Green University

About Me

A creative and motivated Marketing Management undergraduate with strong communication, leadership, and problem-solving skills. Through my involvement in university projects, student leadership roles, and event coordination activities, I have developed valuable experience in content creation, teamwork, and project execution. I particularly enjoy working on creative campaigns, promotional content and event-related marketing initiatives, where I can combine creativity with strategic thinking.

I am eager to apply my knowledge in a professional environment, contribute fresh perspectives, and gain hands-on industry experience through a marketing internship
